

# Tally

Tally should take place on or near the external ramps of the vessel.  
Tally company must check that cargo is loaded/discharged according to the deck plans and number/position of loaded units are to be noted.

## **Load plan (block of cargo) to contain the following:**

Discharge port and load port

Number of unit (divided into cars, pick-ups/vans, trucks, etc)

Dangerous Goods to be specifically marked

Weight of units in the block

Total weight of the cargo loaded; marked for each deck

## **Tally papers to consist of:**

Höegh Autoliners Cargo Summary Sheet

Load Plan

Roll Trailer Stuffing List

Tally papers are to be handed over to Höegh Autoliners Agent, Höegh Autoliners Port Captain and Vessel's Master
