

Preloading Meeting On Board

Distribute updated stowage plans to Deck Officers and hands.
Discuss and make sure all parties understand the plan.
Highlight places where changes of deck panel arrangement
will require rigging of safety ropes and stanchions.

Preloading Meeting On Board

Pay special attention to:

Units stowed on places where it is likely to be overseen, like underneath or behind ramps or deck equipment.

Non starting units.

Units with flat tyres.

Units requiring special instructions to be operated.
