

Cargo Holds

All decks and ramps must be cleared of all loose lashing and kept clean from oil and debris.

Chains, when used as lashing points, must be properly fastened to the deck.

Precautions must be taken to prevent vehicles from skidding in ramps as well as the areas within drive-ways.

Cargo Holds

**No lashings placed
on stanchions**

**All lashing must be placed at
designated place and behind the
bar to prevent damage of cargo
during sea voyage.**
